A.1. Investment (Project) Region

Identify and describe the region where the project will be located, identify and describe the region that will benefit from the project (if different from or in addition to the region in which the project will be located), and discuss the project's expected economic impact. For purposes of this application, a region is defined as "an economic unit of human, natural, technological, capital or other resources, defined geographically. Geographic areas comprising a region need not be contiguous or defined by political boundaries, but should constitute a cohesive area capable of undertaking self-sustained economic development." (See 13 C.F.R. § 300.3 for the definition of "Region.")

The City of Brownsville's population growth to 175,023 as per 2010 U.S. Census is a 25% rise from 2000 figures. It faces chronic unemployment rates, typically points below U.S. standards as per Texas Workforce Commission.

The Brownsville / South Padre Island International Airport is a city-owned public-use airport located minutes away from three of the International Bridges linking Brownsville to Matamoros, Tamaulipas, Mexico.

Both cities are uniquely positioned as hubs for international trade in the NAFTA marketplace. Through the location of government border security logistics operations, the increase of surface transportation market share, including service as a repair center, the project will create jobs (both full-time, permanent and temporary) that will provide direct and in-direct economic development opportunities for the area.

A.2. Investment (Project) Description

Provide a detailed description of the complete scope of work for the proposed EDA investment. If you are proposing a construction project, please include specific construction components. Also, for National Technical Assistance, Training and Research and Evaluation Projects, provide a description of the methodology to be used to complete the project.

The City of Brownsville owns the land selected for the construction of one hangar. Hangar specifics:

- 50 ft. x 400 ft (Total sq. ft. = 20,000)
- 56 ft. x 16 ft. Bi-fold hanger door
- 12 ft. 12 ft. Bi-fold side door
- 18 foot sidewalls, insulated and Aluminum sheet lined
- Wired for 3 Phase power included
- Timed lighting and outlet contractors included.
- Quincy Model OMB15ACA22SF screw drive air compressor with holding tank included.
- 5 entrance doors with exterior lighting above and concrete pad outside each door.
- Two handicapped accessible bathrooms (each @ 10'9" x 9'4" w/8ft. ceilings) plumbed for shower enclosures in each bathroom.
- Hangar is plumbed for electrical and air lines throughout the building
- Several 44 1/2" x 33" sliding windows located throughout the building.
- Construct a 1000 x 200 ft. ramp

Note: If EDA determines that your project merits further consideration, and if your project includes construction, you will be required to provide a USGS map of the site. You may provide this now using the 'Attachments' form that is part of the application package downloaded from www.Grants.gov or in hard copy.

A.3. Economic Development Needs

a. Does the region in which the project will be located have a Comprehensive Economic Development Strategy (CEDS)? (See www.eda.gov/ImageCache/EDAPublic/documents/pdfdocs2006/cedsflyer081706_2epdf/v1/cedsflyer081706.pdf) (Note: Except for strategy grants as described in 13 C.F.R. § 303.7, the region in which Public Works or Economic Adjustment projects will be located must have a CEDS with which the project is consistent.)

Yes No

If Yes, what is the source? Note: If you are unsure if your region has a CEDS, please contact your local District Organization.

Imagine Brownsville Comprehensive Plan, 2009

If No, what alternate strategic planning document do you wish to govern this investment? Note: You will be asked to provide a copy of this planning document if your project is selected for further consideration. You may provide this now using the 'Attachments' form that is part of the application package downloaded from www.Grants.gov or in hard copy.

b. Briefly describe the economic development needs of the region and how the proposed investment addresses the goals and objectives of the CEDS for the region or the alternate strategic planning document as noted above. (See 13 C.F.R. part 303.)

Brownsville faces a number of significant challenges in the area of economic development. An analysis of the indicator data reveals that Brownsville is in a state of economic decline and eroding competitiveness. The region lags behind peer border regions, the state of Texas, and the U. S. in Income Per Capita, Educational Attainment, Labor Force Participation and Wages, and Unemployment—all critical economic performance indicators. Construction of a new airport hanger

c. Briefly describe the economic conditions of the region described in A.1, as well as the economic adjustment problems or economic dislocations the region has experienced (or is about to experience) and the regional impact of these conditions.

The root causes of Brownsville's hindrances to growth include its factor driven, rather than an investment or innovation driven, economy, the low educational attainment, fewer workers support a large dependent population, the local economy is dominated by non-traded industries, there is insufficient integration between educational and workforce skills development and business needs. Additionally, there has been a lack of sufficient sustained integration of economic development, land use, transportation, and utility planning efforts.

A.4. Investment (Project) Impact and Fit with EDA Funding Priorities

Discuss how the proposed investment satisfies EDA's Investment Policy Guidelines as set forth in 13 C.F.R. § 301.8, as well as the EDA funding priorities set forth in the applicable Federal Funding Opportunity (FFO) announcement on www.Grants.gov.

Support of small-and-medium businesses - The City of Brownsville (CITY) is committed to making the Brownsville / South Padre Island International Airport a viable economic entity for all users. The CITY is proposing the construction of a 20,000 sq. ft. hanger to make development opportunities more readily available for both commercial and private operators.

Construction of a hanger will spur commercial development and land use. Airport operators generate revenue from a variety of revenue producing leases from non-airline operations including manufacturing, warehousing, freight forwarding, and farming on airport land.

Economically Distressed and Underserved Communities - Construction of the hanger will create direct and indirect jobs for residents in Brownsville and surrounding cities throughout the Rio Grande Valley, including the many colonias located within five miles of the Brownsville / South Padre Island International Airport.

Global Competitiveness - The Brownsville / South Padre Island International Airport has two industrial air parks and the largest foreign trade zone in the United States. It is also home to a Dual Customs facility that links all U.S. airports to all Mexico airports, and opens corridors to the entire world. Currently, Dual Customs transfers at least 20% of business from other airports, increasing growth in trade.

In addition to leasing space to commercial and private operators, the facility can be used to store goods being transported world-wide. Therefore, construction of a new Hanger will increase the potential for commerce, making the Brownsville / South Padre Island Airport more competitive.

Return on Investment - Construction of a hanger will also spur economic development for Brownsville by generating revenue through Dual Customs fees and space leased to commercial and private operators. Space will be leased at 35 cents per sq. ft., generating an estimated \$7,000 a year.

Collaborative Regional Innovation - The hanger project is greatly supported by the Lower Rio Grande Valley Development Council and the Port of Brownsville which has many other intermodal linkages including air, ground, ocean and rail.

Public / Private Partnerships - The Brownsville / South Padre Island International Airport has many public and private partnerships housed within the facility, including Air Cargo, and Cost Insurance ad Freight (CIF)

A.5. Applicant's Capability

Briefly describe the applicant's capability to administer, implement, and attract private sector investments to the project.

The City of Brownsville (CITY) has been awarded and successfully managed 7 EDA grant funded projects since 1982. EDA grant funded projects include the following:

- 1982 - Drainage (Downtown) - \$1,000,000
- 1983/1984 - Foreign Trade Zone Infrastructure - \$1,000,000
- 1986 - Foreign Trade Zone Air Cargo Building - \$1,000,000
- 1987 - Airport Industrial Park / Eagle Past Warehouse - \$1,200,000
- 1989 - Eagle International (roof and walls) - \$500,000
- 1994 - VRMC (Drainage, etc.) - \$1,000,000
- 1995 - Titan International (Road, Sewer, etc.) - \$1,200,000

The CITY will continue to actively recruit private sector operators to lease Airport Hanger space.

A.6. Proposed Time Schedule for the Project

Provide a proposed time schedule for completion of the project, including when (month/year) the project will begin and end. Explain any potential issues that could affect project implementation.

Aug 2011 - Award Letter
 Sep 2011 - Award Contract
 Oct 2011 - Develop preliminary plans for the hanger project
 Dec 2011 - Finalize plans and begin construction bidding process
 Feb 2012 - Issue Airport Revenue Bonds
 Mar 2012 - Award Contract
 Apr 2012 - Start Construction
 Feb 2013 - Complete Construction

A.7. Civil Rights

- a. Does the applicant understand and agree to comply with all applicable civil rights requirements (see 13 C.F.R. § 302.20), including the requirement to provide signed assurances of compliance? Yes No (explain below)
- b. Do identified "Other Parties" as defined in 13 C.F.R. § 302.20(b) understand and agree to comply with all applicable civil rights requirements, including the requirement to provide signed assurances of compliance?

Explain the status of all funding commitments, including the date the funds will be available from each source, and describe any conditions or restrictions on the use of such funds. If in-kind contributions are included, explain the basis on which they are valued.

The City of Brownsville is owner of the land in which the Airport Hanger will be constructed. The land is valued at an estimated \$100,000. Airport Revenue Bonds and Certifications of Obligations will also be used. In addition to utilizing the revenue the airport receives in the course of its operations, the revenue generated from leasing the Airport Hanger space will also be used.

- b. Are all non-EDA funds committed to the project, available as needed, and not conditioned or encumbered in any way that would preclude their use consistent with the purpose of the project? (See 13 C.F.R. § 301.5.) Yes No (explain below)

Note: If EDA determines that your project merits further consideration, and if your project includes construction, you will be required to provide letters of commitment. You may provide these now using the 'Attachments' form that is part of the application package downloaded from www.Grants.gov or in hard copy.

- c. Discuss the actions that need to be taken and the timing required to secure the non-EDA funds.

Non-EDA funds will become available within 60 days. However, the City of Brownsville has committed General Reserve funding in the interim while the HUD Section 108 Loan is being processed.

- d. Does the applicant plan to seek other federal financial assistance as part of or in connection with this project? If so, please describe the source, amount and any terms and conditions of the funding, and when the funding will be available for use by the applicant.

- a. If this region is **different** from the region described in Section A of this application, please explain.

- b. If this region is **not** defined by political boundaries (e.g., it is a neighborhood within a large city rather than an autonomous town), provide a description of the project region and documentation to show that: (i) the region is of sufficient size appropriate for the proposed project, and (ii) the area used for regional eligibility is the same as the area that will benefit from the proposed project.

2. **Source of data provided for regional eligibility determination:** Check the source of data used to determine regional eligibility, and **attach an explanation and a copy of this data** (additional documentation or information applicants must provide may be submitted as electronic attachments using the 'Attachments' form that is part of the application package downloaded from www.Grants.gov). The explanation must: (i) identify the data used (e.g., American Community Survey (ACS)); (ii) if the data used are other than the ACS, explain why ACS data were not used; and (iii) if the data used are other than federal data, explain why federal data were not used and identify the source of the non-federal data. 4. **Substantial Direct Benefit:** A project located within an Economic Development District (EDD) that is located in a region that does not meet the economic distress criteria set forth in section B.3 above, is also eligible for EDA investment assistance if EDA determines that the project will be of "substantial direct benefit" to a geographic area within the EDD that meets the distress criteria set forth in question B.3 above by providing significant employment opportunities for unemployed, underemployed, or low-income residents of the distressed geographic area within the EDD. If applicable, identify the EDD in which the proposed project will be located, as well as the geographic area within the EDD that meets the economic distress criteria detailed in section B.3. above, and explain how the proposed project will provide a substantial direct benefit to this geographic area within the EDD. (See 13 C.F.R. § 301.3 (a)(2).)

The elevation of the site is 20' above Mean Sea Level (MSL) and it is covered with carpet grass. Within the Airport Industrial Park / Foreign Trade Zone boundary is a portion of a Resaca (ox-bow lake). This area is left in its natural state as a dedicated "Jaguarundi trail" as per agreement with EDA in 1995 associated with funding to build capital improvements in the FTZ. Regardless of whether the applicant believes historic or archaeological artifacts are present, the applicant will be required to provide the SHPO with: (i) a narrative description of the project's elements and its location; (ii) a map of the area surrounding the project that identifies the project site, adjacent streets, and other identifiable objects; (iii) line drawings or sketches of the project; and (iv) photographs of the affected properties if building demolition or renovation is involved. Please note that the clearance process can be lengthy. When submitting this material to the SHPO, the applicant must request that the SHPO submit comments on the proposed project to the EDA Regional Office processing the application. If the applicant has already received comments from the SHPO, please provide as an electronic attachment (using the 'Attachments' form that is part of the application package downloaded from www.Grants.gov) or in hardcopy.

Federal agencies are required by law to assess the expected environmental impacts associated with proposed federal actions.

IF EDA SELECTS THE PROJECT FOR FURTHER CONSIDERATION, EDA may request additional information to obtain an understanding of the current environmental conditions and the project elements that will affect the environment.

It is important to understand the comprehensive nature of the information required to complete an environmental review in accordance with the National Environmental Policy Act (NEPA). The level of detail should be commensurate with the complexity and size of the project and the magnitude of the expected impact. Previously completed environmental impact documentation (assessments, impact statements, etc.) for activities in the region in which the proposed project will be located may be used as documentation.

- h. Will you be able to provide the above information? Yes No (explain)

Note: If EDA selects the project for further consideration, the template for the environmental narrative that the applicant will be required to submit is available at the 'Funding Opportunities' portion of www.eda.gov. If you currently have this information, you may submit it as an electronic attachment (using the 'Attachments' form that is part of the application package downloaded from www.Grants.gov) or in hardcopy.
