

4.3.3 TRADITIONAL NEIGHBORHOOD AND FORM DISTRICTS

A. Downtown Core (DT-C)

GENERAL DESCRIPTION																					
<p>The Downtown Core (DT-C) is intended to accommodate the historic core of Downtown Brownsville with the original storefronts along Elizabeth and Washington Streets while allowing for compatible infill development to fill in any gaps in the street wall. This district allows for a range of commercial and upper floor residential uses that can create a vibrant downtown neighborhood. The standards in this section shall apply to all new construction, and additions to and remodeling of non-contributing structures within the DT-C.</p>
